Rear Window

You must savor those rare and delectable moments. You're walking down the street, or maybe you're at a gas station fueling up. Suddenly you see a woman saunter by with a figure so hot it challenges the definition of perfection—specifically in the posterior department. Hemingway called this kind of figure “curves like the hull of racing yacht.” Raymond Chandler wrote of blondes who could “make a bishop kick a hole in a stained glass window.” Less crafty wordsmiths find themselves simply speechless. When you catch sight of one of those backsides, you can only hope you're wearing sunglasses at that moment so you can let your eyes feast without making the possessor of said posterior uncomfortable, should she be of the shy variety. But guess what—you don't have to worry about such things as you peruse this Playboy Special Collector's Edition. From our many foreign editions around the globe, we've collected 100 pages of photographs for this issue. These women are bound to leave you breathless, so keep an oxygen tank on hand. Shall we begin? Turn the page.
